

Have your birthday party at the track. This is an extremely popular way for children to celebrate their birthday. Parties are held on the Saturday nights that we race.

On a Saturday Night Birthday Party we ask that you come about 3:30 pm. You will sign in and pay at the Front Gate and then be directed to our Party Tent where the kids will have their dinner. Close to 5 pm the kids will go for their birthday ride and have their photo taken. Our race program begins at 6:00 pm. You would then enjoy the show. You can

choose to have your cake right after your meal or ask to have it at Intermission (typically around 7 pm). Our Race Season schedule is early May to early October each year.

#### Party Includes:

- Admission for the Birthday Party Guests
- Dinner (Hot Dog, Chips, Soft Drink)
- We provide the birthday cake decorated with a Racing Theme
- The Birthday Child is presented with a trophy engraved with "Happy Birthday from Edmonton Int'l Raceway"
- All the kids get a ride (a few laps around the track) in a race car
- The Announcer will announce the Child's name and wish him/her Happy Birthday over the speakers along with the name of the guests in the party.
- A photo is taken of the group on the Track with the Racer and Race Car and the Guests and we enlarge this photo and mail that back to you.
- Cost: \$20 (plus GST) per Child. A minimum of 6 party guests is required
- Adults attending the Birthday Party would just pay their regular admission that evening.

## SOME INTERESTING FACTS ABOUT USING MOTORSPORTS TO ADVERTISE YOUR BUSINESS:

Motorsports sponsorship can increase name awareness through visibility in the community, improve your revenue and your company morale. You also have the added benefit of the tax break/advertising write-off you can obtain for your business.

Motorsports sponsorship improves the loyalty of a company's employees. Racing events can be a very fun family outing - employees and their children could really appreciate a day at the track.

Even if you personally have no interest in racing, you can still take advantage of the promotional advantage it can provide for your business. Racing events can be a great environment for the prospective client or existing customer who happens to be a race fan. Again, use the opportunity to be creative and differentiate your company from other companies in your market. There is no doubt that more exposure in the community will translate into a sale down the road!

They go out onto the race track (one person at a time) following the instructor in the pace car for 5 warm up laps and then 10 laps much faster and the instructor will go as fast as he feels that person can handle the car. We take an individual and a group photo and enlarge that to an 8 X 10 for each person. This package also includes 2 event tickets to one of our Saturday Night shows. The cost of this complete package is \$170 per person.

## Stock Car Race Schools

Your day would begin at the racetrack by walking the track with the Instructor as a group. Then we suit you up into a race suit and helmet (provided by EIR) and then you would drive in the 2-seater racecar with the Instructor (you driving, the Instructor in the passenger seat). After that you are given your own car and will then continue to turn laps on the paved oval. Expect to spend at least 4 hours at the track on this day. At the conclusion we take a photo of you in your race suit by the car in front of the NASCAR Winner's Circle Sign and get that enlarged to an 8 X 10 for you. You will also receive 2 complimentary race event tickets to a race event any night during our race season. Race School participants will receive a NASCAR Whelen All American Series (EIR) Hat. In addition each participant will also receive an Official NASCAR License Application (included in this package). You simply complete the application (we send it in for you) and NASCAR will send you a gift package along with your own personalized NASCAR License Card!
